Dismissal

For each mini-scenario below, indicate whether the matter should be kept in the Title IX office, dismissed on a mandatory basis, or potentially dismissed on a voluntary basis.

Dismissal Pop Quiz

Complainant beaten by boyfriend during an argument at his off-campus apartment.

One student offers another, "I'll help you on your chemistry final if you go out with me."

The scathing and near-constant verbal and electronic harassment of an ex-girlfriend drive a student to the verge of suicide.

On a single occasion, a student fondles the breasts of his roommate's girlfriend while she is asleep in their dorm room.

The Complainant withdraws and refuses to take your calls. He sends you a one-line email stating that he never wants to hear from the college again and will not participate in any hearing.
